## *Bonfire on the Beach*

*Just one more unique and exciting option at the Hilton Sandestin Beach. There is nothing like being on the beach in the evenings. This is the perfect opportunity for your guests to relax, get their feet in the sand, look up at the stars, and see friends' and families' faces illuminated by tiki torches and a roaring bonfire.*

Make the evening uniquely you by adding a guitarist or duo playing lively beach music. Add tropical drinks or your own signature drink, create a menu around mini hot dogs and sliders or add desserts for your guests to enjoy along with the s'mores they will be making by the fire.

Our professional staff will be there to get your guests laughing with a limbo or hula hoop contest and if children are present, a fun game of crab chasing is sure to take place.

A bonfire on the beach is a great way to get the families together and share an evening that will be thoroughly enjoyed and long remembered. Bonfires include tiki torches, s'mores and music, but allow us to provide additional items for you to consider.
